

IRRI Saturday Seminar Papers

| Date      | Title of Paper   | Author(S)  |
|-----------|--|--|
| May 1989  | Directions for Crop Diversification and Intensification in Partially Irrigated Environment | H.C. Gines, C.G. Maranan, R.K. Pandey, R.A. Mortis, and D.P. Garrity |
| May 1989  | Assimilate Accumulation and Remobilization for Flowering stage Drought Tolerance in Rice   | G.S. Chaturvedi and K.T. Ingram                                      |
| June 1989 | Genetics of leaf Rolling and Drought Resistance in Rice                                    | B.N. Singh and D.J. Mackill  |
| June 1989 | Water Balance Characterization of Rainfed Ricelands  | Cecilia H Reyes and Dennis P. Garrity                                |
| June 1989 | Genetics Control of Embryo Size and Implications of that Trait on Seed Vigor in Rice       | M.P. Pandey, D.V. Seshu, and M. Akbar                                |
| June 1989 | Genetics Segregation of a Biochemical Marker for Seed Protein Content in Rice              | V.V. Shenoy, and D.V. Seshu  |
