INTRODUCTION	xi
INAUGURAL SPEECH	xv
WELCOME ADDRESS	xvii
PARTICIPANTS	xxi
PROGRAMME	xxv
Officers of the Seminar	xxv
PART I	
SESSION I : Country Report	
1. Ecology, distribution and production of deep-water rice Munshi Siddique Ahmad	1
2. Country report on deep-water rice cultivation in Bangladesh J. L. Sen	10
3. Characteristics of flooding in Bangladesh as related to cultivation of deep-water rice varieties Stephen V. Allison	(18)
4. Problems of deep-water rice cultivation in West Bengal and possibilities for evolving better varieties D. K. Mukherji	25
5. Tidal swamp rice culture in south Kalimantan Noorsyamsi and Oemer Hidayat	31
6. Floating and deep-water rice varieties in Thailand Chai Prechachart and Ben R. Jackson	39
7. Deep-water rice in Vietnam : current practices and prospects for improvement (pt I) Votong Xuan and Dwight G. Kanter	46
8. Deep-water rice in India and its improvement S. Y. Padmanabhan	51
9. The deep-water rice of Assam State B. N. Duara	55
SESSION II : Genetics and Breeding	
10. Breeding improved rice varieties for deep-water tolerance in Thailand Ben R. Jackson	(61)
11. Screening for resistance to submergence under greenhouse conditions B. S. Vergara and Aurora Mazaredo	(67)
12. Prospects for the improvement of floating rice varieties H. I. Oka	71

13. Breeding rice varieties suited to different flood conditions
D. M. Maurya (77) bal 80.
sub merged
- ✓14. Genetics and breeding of deep-water rice
Mortuza A. Choudhury 83
15. Field notes on the Rayadas : a flood tolerant deep-water rice of Bangladesh
Antonio T. Perez and Muhammad Nasiruddin 87
- ✓16. Characteristics for consideration in deep-water rice breeding programme
H. M. Beachell 92

SESSION III : Plant Type and Morphology

17. Deep-water rice in Vietnam : current practices and prospects
for improvement (Part II)
Votong Xuan and Dwight G. Kanter 97
- ✓18. Some plant characters associated with floating rice and their possible
improvement for higher grain yield
B. S. Vergara, A. Mazaredo, S. K. De Datta, W. Abilay and Chalit Setabutara 102
19. Floating ability as an adaptive character of rice and its measuring method
Hiroko Morishima 109
20. Seedling studies of floating rice varieties from different countries
grown under water conditions in Thailand
Chalit Setabutara, Chai Prechachart and Ben R. Jackson 115
- ✓21. Morphology of deep-water rice
S. M. Hasanuzzaman, M. A. Yusuf and Mahiuddin Ahmad 120 ✓

SESSION IV : Agronomy and Physiology

22. Varietal adaptation to water conditions in rainfed rice under different
land management systems
S. K. De Datta and W. P. Abilay, Jr. 129
23. Cultivation of deep-water rice in Bangladesh
S. M. Hasanuzzaman 137
24. Soil characteristics and fertilizer response in the cultivation of
deep-water rice in Bangladesh
Animesh Chandra Roy 148
25. On the chemical properties of some deep-water rice soils of Bangladesh
Aminul Islam, M. Sultan Hussain and W. Islam 163
26. Concept of flood and flood resistance in rice
D. M. Maurya 170
27. Plant age and internode elongation in floating rice varieties
B. S. Vergara, A. Mazaredo, S. K. De Datta and W. Abilay 178 ✓
- ✓28. Physiological behaviour of deep-water rice
M. Zahurul Haque 184

Hague, J. H. Z.

(at Hague, 9)

SESSION V : Plant Protection

29. Outbreaks of the rice ear-cutting caterpillar, <i>Mythimna unipuncta</i> (Haworth) in Bangladesh M. Z. Alam	191
30. Insect pests of deep-water rice in Bangladesh and their Control Shamsul Alam	194
31. Disease problems of deep-water rice in Bangladesh Siddique Ali Miah	199
32. Pest management problems in deep-water rice D. U. Khan	205

PART II

VI. Current situation of deep-water rice culture	209
II. Technical sessions	212
III. Summary of conclusions and recommendations	220
IV. Annexure 1 : List of documents distributed	224
