Contents

Foreword **vii**

Where do green manures fit in Asian rice farming systems? **1**

D. P. GARRITY AND M. BECKER

Pre-ripening green manure production in rainfed environments: a simulation approach **11**

D. P. GARRITY AND J. C. FLINN

Green manures in rice - wheat cropping systems in Asia **27**

R. A. MANN AND D. P. GARRITY

Use of green manures in China as agricultural systems commercialize **43**

CHEN LIZHI

Integration of food, forage, and green manure production systems **51**

V. R. CARANGAL, E. T. REBANCOS, JR., E. C. ARMADA, AND P. L. TENGCO

Indigofera tinctoria: farmer-proven green manure for rainfed ricelands **67**

D. P. GARRITY, R. T. BANTILAN, C. C. BANTILAN, P. TIN, AND R. MANN

Seed production, crop establishment, and incorporation practices as agronomic constraints in green manure production systems **83**

SP. PALANIAPPAN AND M. N. BUDHAR

Establishment practices for pre-ripening green manures **99**

P. PRADHAN AND D. P. GARRITY

Green manuring in dry seeded rice on submergence-prone rainfed lowlands of eastern India **115**

T. N. CHAUDHARY, T. WOODHEAD, J. K. LADHA, AND S. S. BAGHEL

Management of nutrient yields in green manure systems **125**
YADVINDER-SINGH, J. K. LADHA, BIJAY-SINGH, AND C. S. KHIND

Integrated nutrient management strategies: the INSURF experience in northeast Thailand **155**
S. ARUNIN, P. PONGWICHIAN, AND E. L. ARAGON

Economic evaluation and farmers' perception of green manure use in rice-based farming systems **173**
M. ALI AND J. H. NARCISO
