

Bacterial Cattle Diseases

Edited by: **Lauren Himes**

TABLE OF CONTENTS

Preface.....xi

Chapter 1 Introduction to Bacterial Cattle Diseases 1

Introduction	1
1.1 Bacterial Diseases in Cattle	2
1.1.1 Johne’s Disease	3
1.1.2 Pink Eye.....	10
1.1.3 Brucellosis	15
1.1.4 Leptospirosis	21
1.2 Bacterial Cattle Diseases: Impact and Their Control.....	29
1.2.1 Microbial Methods.....	30
1.2.2 Consequences and Dispute	31
1.2.3 Control of Bacterial Respiratory Affections	35
References.....	44

Chapter 2 Bovine Respiratory Disease in Feedlot Cattle 45

Introduction	45
2.1 Basic concept of Bovine Respiratory Disease (BRD).....	46
2.1.1 Pathogenesis of BRD.....	48
2.1.2 Current Prevention and Control Strategies for BRD in Feedlots	52
2.1.3 Current challenges associated with BRD prevention: antimicrobial resistance	53
2.2 Alternative Antimicrobial Approaches to Mitigate BRD Bacterial Pathogens.....	54
2.2.1 Probiotics.....	55
2.2.2 Mechanisms of probiotic action.....	55
2.2.3 Essential oils.....	58

4.1.2 Clinical Presentation.....	127
4.1.3 Differential Diagnoses.....	128
4.1.4 Diagnosis.....	129
4.1.5 Management/Prevention/Control Measures /National Control Schemes.....	130
4.2 How Is Leptospirosis Spread?.....	132
4.2.1 Signs of the Disease in Cattle	133
4.2.2 Immune Response to Leptospirosis Infection.....	134
4.2.3 Diagnosis of Leptospirosis in Cattle.....	135
4.2.4 Economic Loss Due to Leptospirosis	135
4.2.5 Prevention of Leptospirosis in Cattle Herds.....	136
4.3 Leptospirosis: Rising Nuisance For Cattle.....	137
4.3.1 Etiology.....	139
4.3.2 Prevalence of leptospirosis	140
4.4 Pathogenesis.....	141
4.4.1 Known Virulence Factors.....	142
4.5 Transmission	143
4.6 Diagnosis	144
4.6.1 Current Tools and Emerging Technologies for Diagnosis of <i>Leptospira</i>	145
4.6.2 Necropsy Findings.....	148
4.7 Treatment.....	149
4.7.1 Blood Transfusion	150
4.7.2 Vaccination.....	151
References.....	153

Chapter 5 Diseases Caused by Bacteria in Cattle: Tuberculosis 157

Introduction	157
5.1 Tuberculosis in Cattle	158
5.1.1 Definition.....	160
5.1.2 Mode of Infection in Cattle.....	160
5.2 The History of In Vivo Tuberculin Testing in Bovines.....	161
5.2.1 Origins of Tuberculosis (TB).....	161
5.2.2 Tuberculin Test Development	163
5.3 Etiology.....	177
5.3.1 Classification of Mycobacteria	177

5.3.2 Cellular Morphology and Staining.....	179
5.3.3 Cultural Characteristics	180
5.3.4 Biochemical Properties.....	180
5.3.5 Environmental, Chemical, and Drug Resistance	181
5.4 Epidemiology of Bovine Tuberculosis	182
5.4.1 Host Range.....	182
5.4.2 Geographical Distribution and Prevalence	183
5.4.3 Transmission and Risk Factors.....	183
5.5 Pathogenesis.....	185
5.6 Pathology.....	186
5.7 Clinical Signs of Tuberculosis in Cattle.....	188
5.7.1 Bacteria Similar to Tuberculosis Bacteria	189
5.8 Public Health Importance	189
5.9 Diagnosis	190
5.9.1 Diagnosis by Clinical Signs	190
5.9.2 Tuberculin Skin Test	191
5.9.3 Gamma Interferon Assays	192
5.9.4 Postmortem Diagnosis	193
5.9.5 Culture and Isolation of Mycobacteria	193
5.9.6 Molecular Diagnosis.....	194
5.10 Economic Impact.....	196
5.11 Control.....	196
References.....	198

Chapter 6 Infectious Bovine Keratoconjunctivitis 201

Introduction	201
6.1 Eye Problems	202
6.1.1 Eye Injuries.....	203
6.1.2 Etiology.....	204
6.1.3 Epidemiology	205
6.1.4 Pinkeye	206
6.2 Vaccination	215
6.3 Antibiotics	219
6.4 Eye Protection	222
6.4.1 Foreign Material in the Eye	222

6.5 The Offending Plant.....	225
6.5.1 Cancer Eye	226
6.5.2 Eyeball Tumors.....	228
References.....	232

Chapter 7 Mastitis in Cattle 235

Introduction	235
7.1 Subclinical Mastitis	240
7.1.1 Epidemiology	241
7.1.2 Treatment	242
7.1.3 Prevention	248
7.2 Clinical Mastitis.....	249
7.2.1 Epidemiology	250
7.2.2 Severe Clinical Mastitis	251
7.2.3 Mild Clinical Mastitis	255
7.2.4 Unusual Pathogens	257
7.2.5 Prevention	261
7.3 Mastitis-Causing Bacteria	263
7.4 Effects On Milk Composition	264
7.5 Treatment Of Mastitis During Lactation	267
7.5.1 Pharmacokinetic and Pharmacodynamic Considerations	268
7.5.2 Intramammary or Systemic Administration?	269
References.....	273

Index 277
